

Do you know where your power comes from?

Do you know if your utility offers a clean energy program?

What would it take to convert your home or business to solar power?

Through a series of film screenings and workshops in Kansas communities, the Clean Energy Business Council, a project of the Climate + Energy Project, hopes to get more Kansans thinking and talking about the state's solar energy potential. We hope you'll join us!

Shaping the Future: How Should Kansas Adapt to the Growth of Rooftop Solar?

Join us for an evening screening of "[HAPPENING: A Clean Energy Revolution](#)" followed by a panel discussion and question-and-answer session.

When: Monday, June 4. Social time at 6:30 p.m., program begins at 7 p.m.

Where: Village Presbyterian Church, Rooms 126-127, 6641 Mission Road, Prairie Village, KS 66208.
